

Welcome to

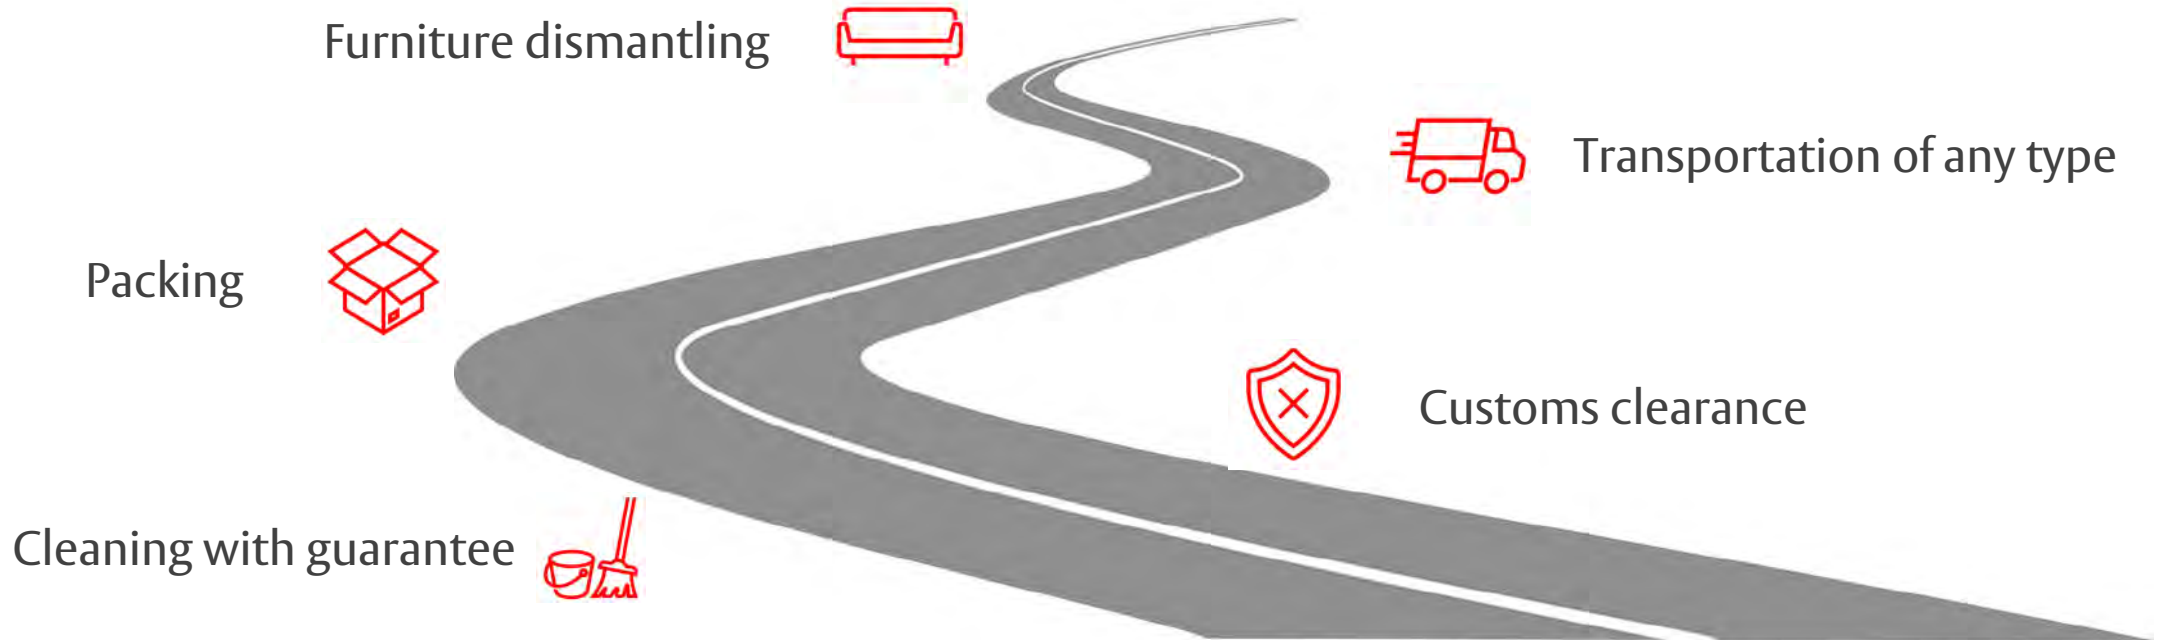

# Heartbeat Logistics

Door-to-door home moving  
with love and care

# Tailored solutions for residential and office relocation in any canton

## More than a "carrier":

### Care for people & environment

We believe that every living being and every heartbeat matters:

- Our vehicle fleet follows the Euro-6 omission standards
- We use recyclable materials
- We donate part of our earnings as humanitarian aid

### Personalized approach

We don't divide projects into large & small, since every delivery is unique and requires:

- Individualized risk assessment
- Thorough planning
- Protocolized execution

### Balance of quality vs speed

We're fast, but never compromise on quality; during each project we pay special attention to:

- Protecting fragile items
- Careful hand-carrying, loading and unloading
- Smart fixation of items & weight distribution

## Our experience

# 99.8%

Customer satisfaction rate \*

**97.5%**

Orders delivered on time \*\*

**700+**

Logistics projects executed

**>100**

Customs clearance forms prepared

**50+**

Reliable partners

We have our own vehicle fleet as well as an extensive network of partners allowing us to maximize value and minimize cost.

\* Based on the joint Facebook (n=51) and Google Reviews (n=34) scoring

\*\* Including the pandemic time when cargo delivery often got delayed

*Delivery in a heartbeat...*
